Hon. Minister,

On behalf of the Government of the People's Republic of China, I have the honor to confirm that our two sides have, through friendly consultations, reached the following Agreement:

1. At the request of the Government of Antigua and Barbuda, the Chinese Government agrees to conduct a feasibility study on the Water Rehabilitation Project. If the project is feasible, the two sides shall sign another agreement.
2. The Chinese side shall build a team of experts to conduct in-depth research on the project through communications and consultations with the Antigua and Barbudan side. The Antigua and Barbudan side will provide basic information and relevant materials about the project required for the feasibility study, designate relevant departments or institutions to cooperate with the Chinese side, and provide convenience for the Chinese side to accomplish the entry and exit procedures for both experts and equipment.
3. The expenditure for the feasibility study of the aforesaid project totals RMB 560,000 (Renminbi Yuan Five Hundred and Sixty Thousand Only), and shall be disbursed under the gratuitous aid specified in the Agreement on Economic and Technical Cooperation signed on December 19th, 2012 between the Government of the People's Republic of China and the Government of Antigua and Barbuda. The above mentioned expenses shall be settled in one time through the China Development Bank and the Ministry of Finance of Antigua and Barbuda after the designated institution from the Chinese side issues the bills of settlement in quadruplicate against your letter and this letter of confirmation.

If Your Honourable, on behalf of the Government of Antigua and Barbuda, could kindly confirm the foregoing by a letter of reply, this letter and your reply shall constitute an agreement between the Government of the People's Republic of China and the Government of Antigua and Barbuda.
